## EXPERIENCE

**Django, Django Rest Framework & React Js (Internship)** 09/2023 – 01/2024  
Systems limited | Lahore, Pakistan

During my internship at Systems Limited, I gained valuable hands-on experience in:

- Python programming
- Django & Django Rest framework
- React Js
- Collaborating with a skilled team of professionals, I actively contributed to the development of various projects.

**Full Stack developer (Django Developer, React Js)** 01/2023 - 09/2023  
Devsoul | Rahim Yar Khan

During my Role at Devsoul, I gained valuable hands-on experience in:

- My SQL, HTML, CSS, JavaScript, Bootstrap, React Js and Django/Django-rest-framework
- Worked on backend APIs of a Real State project using Django-rest-framework
- Worked on Front-end using React Js and back-end APIs of a Real State project using Django-rest-framework
- Worked closely with front-end developers to integrate APIs and create seamless user experiences

**Data Analyst (Internship)** 07/2022 - 09/2022  
Systems limited | Lahore, Pakistan

During my internship at Systems Limited, I gained valuable hands-on experience in:

- SQL
- Power bi
- DBMS

## EDUCATION

Computer Science 10/2019 - 06/2023  
Khwaja Fareed University of Engineering & Information Technology

## SKILLS

- Git
- Bootstrap
- JavaScript
- React Js
- Django Rest-framework
- Django
- Python
- Node Js
- CSS
- HTML
- PostgreSQL
- MySQL
- Time management
- Adaptability
- Teamwork
- Problem-solving

## LANGUAGES

---

English      Fluent

## PROJECTS

---

- **REAL STATE PROJECT**

Developed a Real State Project, in this project, I designed a website for selling Properties. I Worked on backend APIs Like User Authentication, Property Listings, Latest News, About Us, and Contact Us. I also Integrate APIs with React JS front-end.

**Tools & Technologies:** My SQL, HTML, CSS, JavaScript, Bootstrap, Django/Django-rest-framework, React Js.

- **WEB PROJECT**

Developed a web-based project aimed at managing registrations for applicants. Utilizing core PHP, HTML, CSS, and MYSQL, I successfully created a robust system that efficiently collected applicant data and stored it in structured database tables.

**Tools & Technologies:** My SQL, PHP, Html, CSS

- **E-COMMERCE PROJECT**

Developed an E-commerce Project, in this project, I designed a website for purchasing things like mobile phones and other electronic gadgets. I implement add to cart feature along with checkout process.

**Tools & Technologies:** My SQL, Python, Html, CSS, Java script, Bootstrap, Django/Django-rest-framework

- **FINAL YEAR PROJECT**

Developed a mobile app where I played the main role in designing and implementing APIs using Django Rest Framework. Working primarily on the project's backend, I focused on creating efficient APIs to facilitate seamless communication between the app's front-end and back-end components. This experience allowed me to deepen my understanding of RESTful architecture and hone my skills in Django Rest Framework.

**Tools & Technologies:** Django, Django Rest framework.
